

Special Education Coaching Services 2020-2021

| Service | Service Description |
|-----------------------------------|---|
| Special Education Coaching | <p>Coaching services are available to <i>support teachers</i> of all grade levels and/or disability groups and could include: modeling, systematic & explicit instruction, guided practice, and/or independent practice to enhance teachers' skills.</p> <p>Additional Coaching services are available to support the procedural aspects of school district Special Education programs. These services could include: assistance with the development of Special Education Plans; PDE's Cyclical Monitoring process, including the Facilitated Self-Assessment (FSA), file preparation and review, Corrective Action Plan development and implementation, and follow-up with PDE requirements; and/or assistance with assessing staffing patterns and caseloads.</p> <p>Special Education Coaching services are not student specific, but rather focus on improvement and management of building-wide or district-wide Special Education programs and services.</p> |
